

How to comment on a planning application

To comment on an application via the Public Access system, you must first have registered to do so. (See 'How to Register with Public Access'.)

Go to Simple Search

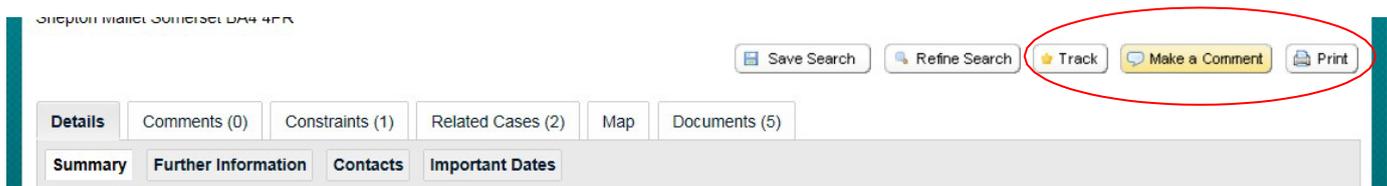

<http://publicaccess.mendip.gov.uk/online-applications/>

Click on the Login Button and log into the system.

If you know the application number or the first line of the application site address, Click on the search dropdown and pick Simple Search.

In the 'Enter a **keyword**, **reference number**, **postcode** or **single line of an address**' Box enter the application number or first line of the address and click 'search'.

On the next screen that appears click on the 'Make a comment' button.

The next screen gives you a brief summary of the application you are commenting on and will invite you to make your comments.

All of your details will automatically populate into the personal details area.

These are not all available to view on-line – your address and email address are not viewable to others using the service.

Please pick your commenter Type and your stance as these are mandatory. (The 'Reason for Comment' is not a mandatory field.)

Then, in the box at the bottom of the screen enter your comments. (Please note; 1) these are restricted to 4000 characters. 2) If comments aren't completed within 30mins the system may timeout. It's advisable to compile your comments in a word document before copying and pasting to public access.) & Submit

You may make a comment supporting or objecting to this application. Your comments will be submitted and in due course made available online. We will not display your personal data online.

There are limits to the range of issues that can be taken into account when considering planning applications. The following are examples of valid planning considerations:

- Government planning policy and guidance
- Planning legislation.
- Draft planning policies.
- Adopted local (parish) level guidance
- Previous planning applications
- Design, appearance and relationship with the surrounding area.
- Living conditions such as light, privacy, noise and odour.
- Highway safety
- Biodiversity
- Impact on trees and the landscape
- Flood risk in identified areas at risk.
- Heritage assets such as listed buildings, conservation areas and archaeology
- The economy, including job creation/retention.
- Drainage and surface water run-off.
